DRINKS OPTIONS

THE BAR TAB

You are welcome to run an account and give your guests the option of an open bar or a selection of your choice. The tab is monitored and you are informed when it has reached your nominated dollar amount.

SUBSIDISED BAR TAB

This option is great for those who want a greater variety of beverages to offer their guests. Choose what beverages will be available and how much you would like your guests to pay per drink. This money is then paid off to your bar tab, minimising the cost to you. The subsidised bar tab can be open for as long as you wish or until it reaches the nominated dollar amount.
